Handling Division 2024

Comprehensive air cargo and ground handling services across Saudi Arabia's major airports. With state-of-the-art facilities and real-time tracking, we ensure efficient cargo processing, courier handling, transit operations, and seamless airline logistics support.

Strong Growth & Operational Efficiencies

Revenue:
SAR 1.4 billion
(+12% YoY)

EBIT:
SAR 687 million
(+20% YoY)

EBIT Margin:
50.4%
(Up from 46.7% showing sustained operational efficiency)

Key Performance Drivers

+20%
volume growth

Cost efficiencies
(Lease savings & improved asset utilization)

Price resilience and market turbulences
(Turned to opportunities)

Logistics Division 2024

Integrated supply chain solutions, including first-mile and last-mile delivery, warehousing, customs clearance, and freight forwarding. Using digital innovations and optimized processes, we ensure fast, reliable, and cost-efficient cargo movement across key logistics hubs.

Strong Growth & Operational Efficiencies

Revenue:
SAR 271 million
(+15% YoY)

EBIT:
SAR 23 million
(+41% YoY)

EBIT Margin:
8.4%
(Up from 6.8% reflecting strong profitability trends)

Key Performance Drivers

One offs offset project timing

(Recovery of aged receivables in first half, and added doubtful provisions in second half along with timing of projects)

Increased warehousing capacity

(Targeting higher utilization through commercial initiatives)

Outlook 2025 beyond

Opportunities & Risks

Opportunities: Positioned for Growth

- Saudi Vision 2030 & National Transport & Logistics Strategy (NTLS) (Expanding Saudi's role as a global logistics hub)
- Air Cargo & E-Commerce Surge (Double-digit market growth driving demand)
- Financial Strength (Strong cash flow supports strategic investments & innovation)
- Investment in growing the Logistics division further (for resilience & agility)

Risks: Managing Market Challenges

- Intensifying Competition (Potential pricing pressures & market share shifts)
- Macroeconomic & Geopolitical Uncertainty (Global trade & supply chain disruptions)
- Cybersecurity Risks (Increased reliance on digital infrastructure demands resilience)

2025 Outlook

- **Growth & Market Expansion**

Handling Unit

Positive volume growth, aligned with NTLS targets, continued investment in capabilities and efficiency

Logistics Unit Topline

Growth exceeding global GDP. Short term strain from fulfillment utilizations, investments in growth

We are optimistic about the prospects for 2025 while recognizing that 2024 was an exceptional year that set a high benchmark for us to build upon.
